GHAR SAJAYE SAATH NIBHAYE

Amulya Mica has established itself as a prominent supplier of panel and surface solutions throughout Asia. With a strong presence in India, we are dedicated to producing high-quality products and fostering a culture of innovation. Our extensive range of surfacing solutions includes decorative laminates, PVC boards, doors, plywood, blockboard, WPC frames, PVC laminates, and flush doors.

With three advanced manufacturing facilities in the country, we have become the preferred choice for architects, interior designers, and homeowners seeking to create exceptional living spaces. Our commitment to delivering excellence is evident in every aspect of our operations.

At Amulya Mica, our passion extends beyond design and functionality; we also prioritize our environmental impact. We carefully source our raw materials from ethical suppliers worldwide to ensure the preservation of nature's beauty. Our products are Greenguard Certified and possess antibacterial properties, promoting both eco-friendliness and safe usage.

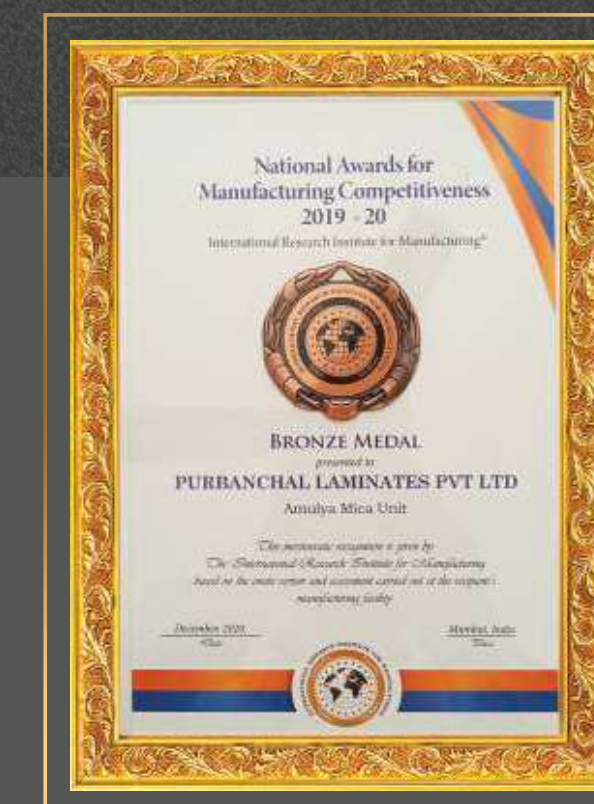

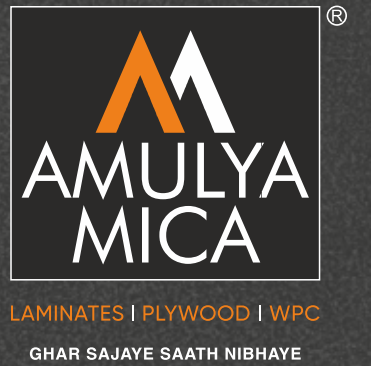

When you choose Amulya Mica, transforming your space is just a phone call away. Explore a world of possibilities as we revitalize your surroundings and give them the makeover they deserve. Discover the difference with Amulya Mica, where innovation meets passion and spaces come alive.

10 REASONS TO CHOOSE AMULYA MICA

PVC LINER

- Long-lasting - Compared to other types of laminate sheets, Amulya Mica PVC Laminates stand the test of time due to their superior durability.
- Resistant to Cracking - Unlike HPL sheets, our laminates don't crack easily once applied, ensuring longevity and aesthetics.
- Uniform Edges - Our PVC Inner sheet offers a consistent colour across the sheet. This uniformity isn't seen in HPL sheets, making our product's edges less noticeable.
- Waterproof - With our laminates, you don't have to worry about water or moisture damage. They are designed to be water-resistant, offering you peace of mind.
- Highly Bendable - Our PVC laminates are both strong and flexible. They can be bent at a right angle without any issue, and are easy to transport as they won't break or crack.
- Uses Less Adhesive - When sticking PVC Laminate, you use 25M less fevicol than you would with an HPL sheet, making it a more efficient option.

WHITE

OFF WHITE

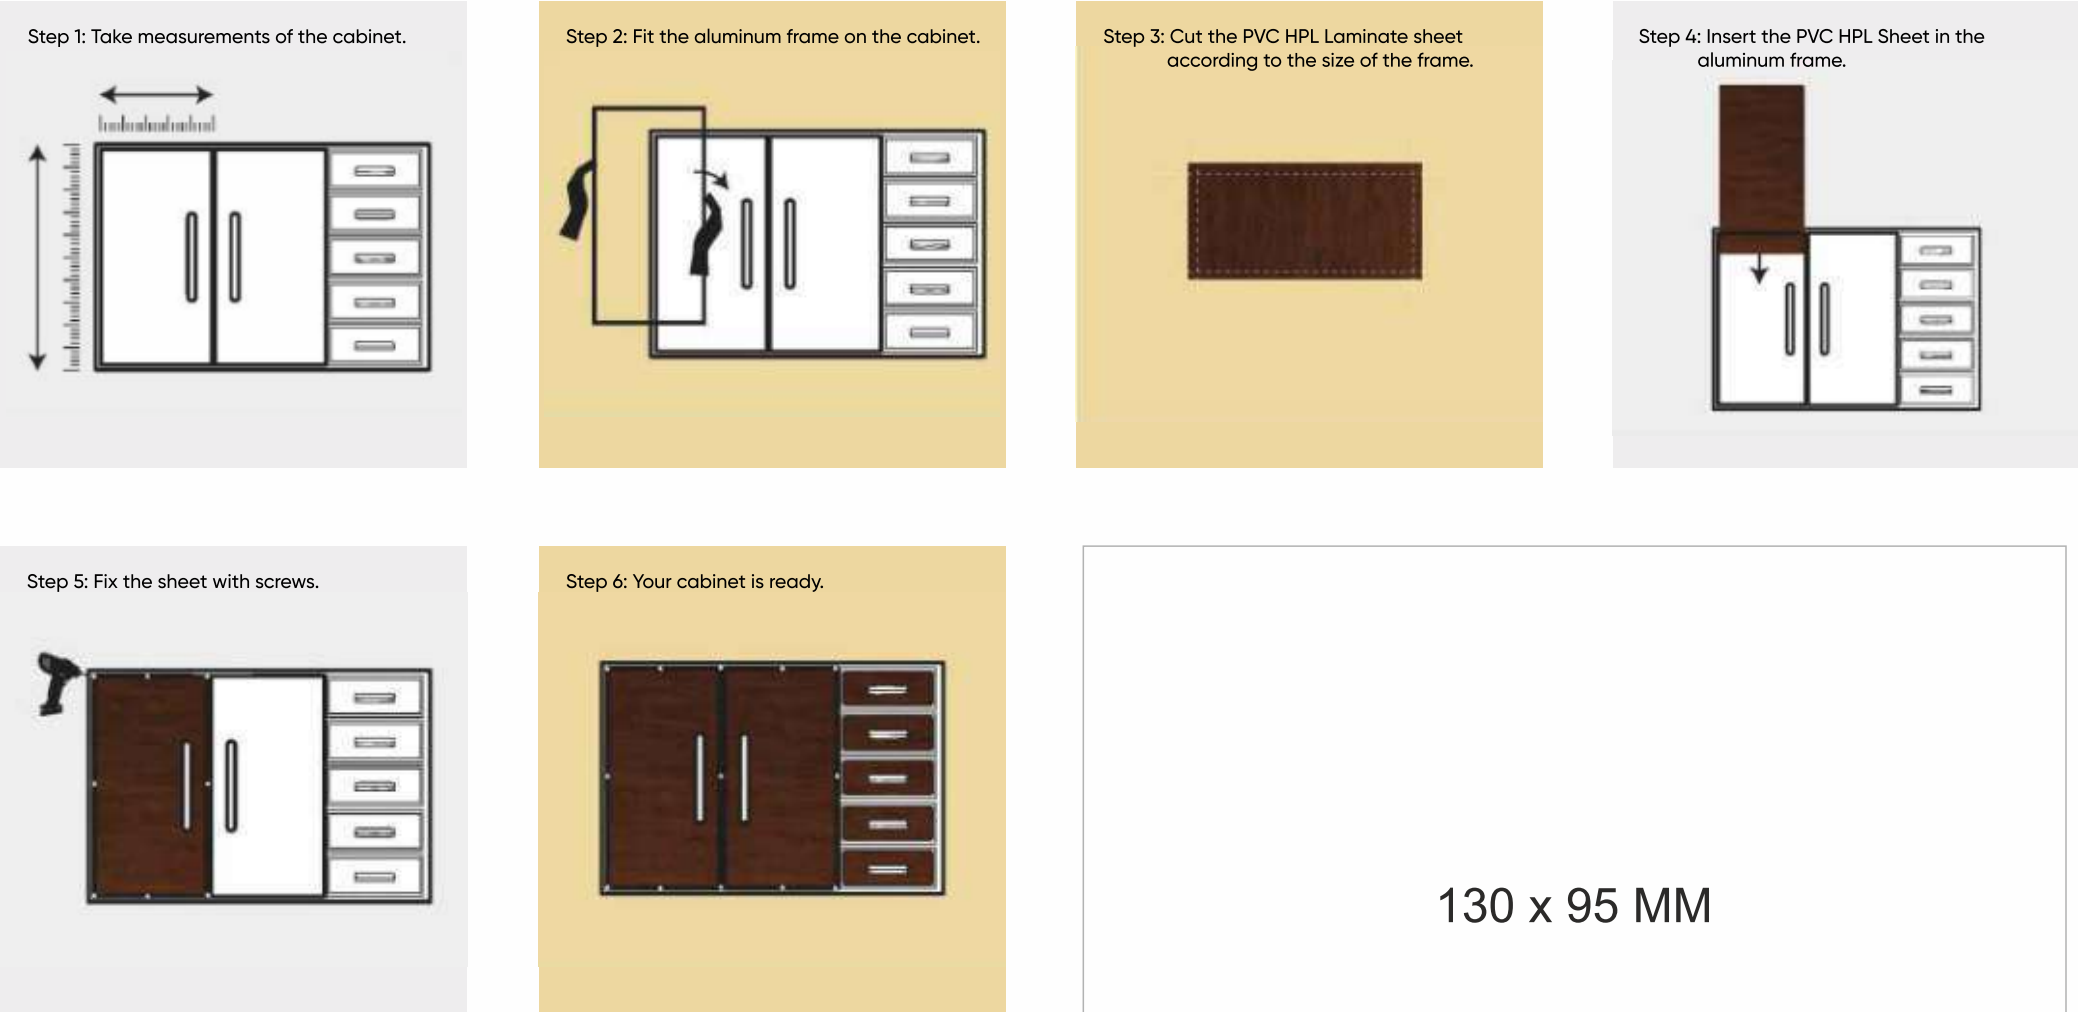

3 MM PVC LAMINATE

APPLICATION

3mm Compact PVC Laminates use durable and self-sustainable high pressure laminate boards which come in a thickness ranging from 1.25 mm to 3 mm with a Dimensions of - 4' x 8' Engineered with indigenous technology, our compact laminate solution comes with Anti-bacterial properties, abrasion, water and fire resistance. Compact laminate are used for Interior applications, ideal for Restroom Cubicles, Lockers, Furniture, Panels, Work tops, Lab furniture, Facades etc.

HOW TO USE ?
